

Assessment Support Program (ASP)

A program designed to streamline the journey for candidates aiming for RICS membership by offering **structured, accessible, and highly supportive guidance** through the assessment process. ASP ensures that candidates have the **tools, resources, and dedicated support** needed to navigate each stage of their journey effectively.

This program offers your staff:

Comprehensive Assessment Guidance

ASP provides step-by-step guidance through the assessment stages, helping candidates navigate requirements with confidence. The program breaks down each stage, ensuring candidates understand expectations and can prepare effectively.

B2B Cohort Support

With a focus on corporate candidates, ASP enhances collaboration with firms by providing structured enrollment options, targeted training resources, and a streamlined support process for corporate cohorts. This approach encourages a cohesive experience for candidates sponsored by their employers, ensuring they receive consistent guidance and support throughout their assessment journey.

Enhanced Candidate Resources

Through tailored support tools, ASP equips candidates with resources that simplify their journey. These resources are designed to clarify processes, provide quick access to information, and help candidates prepare efficiently.

Direct Market and Support Team Access

ASP connects candidates with dedicated support teams and market-specific contacts, ensuring accessible and responsive assistance throughout their assessment journey. This structure strengthens support and engagement, allowing candidates to address questions quickly and stay on track.
