Building Surveyor Services

For use with the RICS Standard, RICS Short Form and/or RICS Short Form of Consultant's Appointment for Designated Services

Additional notes

- These Services should be completed by inserting a 'tick' in the box next to the Service to be provided. These Services can be used with the Standard/Short or Designated Form, but care should be taken in the selection of the correct form for the relevant Service. For further information, refer to the explanatory notes for the relevant RICS Form of Consultant's Appointment.
- All other Services that are not ticked shall be deemed to be Additional Services under the terms of this Appointment.
- Any bespoke Additional Services agreed between the Client and the Consultant should be inserted in Section 6.
- A schedule of 'typical' meetings is included with these Services in the Appendix. Completion of this schedule is also recommended.
- Fire Risk Assessments (FRAs) should not be undertaken unless a suitable recognised qualification is held. This is a specialist technical area of work and falls outside the scope of a building surveyor's core competencies, therefore specialist training in FRAs is required prior to undertaking this type of work.
