Timothy	Hart	20/08/2024	RICS	0101551	Sevenoaks	South East	Pass

To access the full profile of the EWS Assessment Training Programme successful completers, please click on their member numbers.

Successful course completers should be capable of completing Option A or Option B of the EWS1 form below 18m but should self-assess their own competence and if the building is very complex or high risk, should consult an IEng or CEng fire engineer for advice on Option B if in any doubt.

For high-risk residential buildings above 18m, it is still expected that this will be carried out by an Incorporated Engineer (IEng) or a Chartered Engineer (CEng) registered with the Engineering Council by the IFE (or other professional body if demonstrable fire engineering competence), although a survey report of the wall by course completers may be instructed for a fire engineer to make the overall assessment.
